

MICROBIAL CONTAMINATION LIMITS

As a global leader in the supply of ingredients to the cosmetics and personal care industry, Floratech strives to continually meet and exceed expectations for service and quality.

Unless otherwise specified on the Product Specification Sheet, Floratech guarantees all products to contain less than 100 Colony Forming Units (CFUs) per gram of sample with no detectable gram-negative bacteria present. Additionally, all products contain less than 100 Colony Forming Units (CFUs) per gram of mold or yeast.
