

CALIFORNIA PROPOSITION 65

As a global leader in the supply of ingredients to the cosmetics and personal care industry, Floratech strives to continually meet and exceed expectations for service and quality.

In November 1986, California voters approved Proposition 65, the Safe Drinking Water and Toxic Enforcement Act, to address public concerns regarding exposure to toxic chemicals. The legislation stipulates clear and reasonable labelling for all ingredients that are on the Proposition 65 list, requiring manufacturers to prove that their products pose no significant risk of causing cancer, birth defects, or reproductive toxicity. Floratech products are not expected to contain, nor do they contain, any Proposition 65 listed chemicals above the allowable limits.

This statement includes the following products and product lines:

- ECOBEADS[®]
- FLORABEADS[®]
- FLORAESTERS[®]
- FLORALIPIDS[®]
- FLORAMAC[®]
- FLORAPEARLS[®]
