Shaving Oil for Men

Products Highlighted: Floramac® 10, Floramac Macadamia Oil Refined, and Floraesters K-100® Jojoba

This unique shave oil does not rely on foam or lather to provide a clean, close shave. Rather, the shave oil lubricates the skin and beard in a way that only botanical oils can. Razor friction is reduced, the closeness of the shave is enhanced, and irritation is virtually eliminated. Only a few drops are required to provide a clean, close, and smooth shave.
