

Floraesters® 20

Multifunctional Botanical Emollient

Benefits & Functions:

- Improves Skin Barrier Function
- Improves Skin Hydration
- Non-Greasy Emolliency
- Highly Occlusive
- High Oxidative Stability
- Noncomedogenic
- Biodegradable
- Low Color and Odor
- Oil-Free
- Non-GMO

Floraesters 20

Floraesters 20 provides a rich emolliency with a melt point slightly above skin temperature. Floraesters 20 is an ideal choice for skin, sun, baby, lip, body, hair, and anhydrous formulations.

Floraesters 20 is noncomedogenic and derived exclusively from jojoba oil, a unique botanical source of liquid wax esters.

Clinical Studies

Floraesters 20 is clinically proven to reduce skin redness, provide superior skin hydration, restore skin barrier function, and increase consumer preference.

Create the Ideal Texture

Floraesters offer formulators a wider range of melting points, more elegant textures, and better aesthetic benefits than other natural butters, derivatives and emollients.

Floraesters 20 is a member of the Floraesters family, which also includes Floraesters 15, 30, 60, 70 and IPJ. Floraesters 20 may be used individually or blended with other Floraesters to achieve a desired texture.
